

In reply to your notice regarding the filing of Form 10 on July 17, 2007, which was outside the 24 hour filing deadline, the candidate at the time had no primary opponant, nor any opposing candidate from any other party. The moment I was aware of the candidate exceeding the \$350,000 threshold from his personal funds, I prepared and filed the FEC Form 10.

It is, and always has been my intent, and the intent of the committee to file correct and accurate reports.
